### Head Teacher's Comments

This week has seen staff taking part in a good deal of training and development. Mrs Bone attended a Global Learning Conference as we continue as a school to develop our children into Global Learners with a wider understanding of the world they are in; global issues and the difference they can make. It is possible to get Global education into all aspects of the curriculum, to give a breadth and interest to learning.

Mrs Murray attended an RE meeting with colleagues and at these meetings, work and best practice is shared so that we can continue to develop and deepen our children's education in R.E.

On Wednesday evening, four colleagues attended a training meeting with Gary Wilson who is a world authority and author on supporting and promoting boys' achievement. We want all children to achieve but boys do require certain strategies. It was reassuring that we have already in place a good number of strategies to promote achievement in boys and we will continue to develop this work. My attitude is that ideas for one group of the school benefit all children.

It was a pleasure to support some emerging athletes at the Windermere School Cross Country event with almost 500 runners. Our children did you all proud and we can see improvement at every event.

KS1 had their first Footprint Woodland adventure on Thursday and as always, the children love exploring and learning in the outdoor environment. Once again, thank you to our amazing PFA for funding and supporting these activities.

Peter Harrison  
Head Teacher

Our children did you all proud at the Windermere School Cross Country Race on Wednesday
