St Cuthbert's Catholic Primary School Windermere Curriculum Overview Spring 2023 Trailblazers Class

Dear Parents / Carers,

We are writing to share with you an overview of the topics that your child will be learning this half of the Spring term in Years 5 and 6. At St. Cuthbert's, we value the important partnership between home and school. Please use the information attached to support your child with their learning over the coming weeks.

Thank you for the effort that is put into reading with your child at home. This is the key to developing skills across the curriculum and the more you can do, the more your child will be able to improve the speed and depth with which they learn. Remember to talk to your child about what they are reading as well as listening to them – the type of questions that need an explanation should be combined with fact finding questions.

Year 6 children will soon be getting their SATs revision books. We will tell them which sections we expect them to complete each week, and this will be done as part of homework.

Attached are the topics that we are going to be studying this half term with some ideas of activities you can do at home to support your child's learning.

If you have any questions about the information below, please feel free to make an appointment or call into school and see us.

Thank you for your continued support.

Mrs Bone and Miss Brownsord.
